Allowable Subject Matter

1. Claims 3-5, 8, 9 and 11-14 which have been renumbered as 1-9 respectively are allowed.
2. The following is an examiner's statement of reasons for allowance: Regarding claims 1-9, the prior art of record fails to teach replacing a route valid/invalid situation as control information transferred from the controlling means based on a network management protocol with route switching information based on a routing protocol, and then outputs the route switching information to the route propagating router. The closest reference, Rumiko (H10-023060), teaches of a decision-making route control system comprising: a decision-making judging computer including a monitoring means, a judging means, a controlling means, a route generating router and a route propagating router, but fails to teach of replacing a route valid/invalid situation as control information transferred from the controlling means based on a network management protocol with route switching information based on a routing protocol, and then outputs the route switching information to the route propagating router.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

EXAMINER'S AMENDMENT

3. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided

Art Unit: 2664

by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ellen Marcie Emas on 5/26/2005.

Claim 4, line 9, after "as", --a route valid/invalid situation-- has been inserted.
